

# Lean Six Sigma Education

## Lean Six Sigma for Executives

Nowadays, many organisations regardless of their size, type or sector have been practicing Lean Six Sigma since decades. For some enterprises it became a competitive advantage, for other a necessity to stay in business. After all, organisations nowadays cannot afford to stay still. Ideally, improvements are on daily agenda of everyone: from executive board and senior leaders, through the management ranks to every single employee.

Lean Six Sigma is a structured problem solving methodology to run improvement projects. It is a proven approach to turn problems into viable solutions that work. As a result, implemented solutions generate a measurable impact. Furthermore, solutions are designed to last over time.

### Why to Participate:

- Generate strong financial gains through your improvement projects and programs
- Increase execution capabilities and improvement sustainability in your organization
- Evaluate how Lean Six Sigma can bring value to your organization
- Create awareness and buy-in for Lean Six Sigma among your executive and senior management leadership team

**Learn from a certified Master Black Belt  
with 20 years real-life Lean Six Sigma experience,  
who has been practicing, training and coaching Lean Six Sigma  
across functions and industries  
in the USA, Germany and other EU locations.**

### Session Objectives:

- Provide an overview of Lean Six Sigma, and the benefits it offers
- Discover how a successful Lean Six Sigma program can be architected, and what are the common success factors and pitfalls
- Understand commonalities and differences of Lean and Six Sigma
- Learn basic Lean Six Sigma terms
- Experience a practical problem solving approach through a case study
- Network with other executives

### Typical Participants:

- Company owners
- Vice Presidents, Directors, Department Heads, Site Leaders, Heads of Divisions and Business Unites
- Leadership teams of Shared Services, IT Service Centers, Call Centers and other organizations
